See you next year! (June 9-11, 2023)

Bellanca-Champion Club West Coast Fly-In 2022

Vic Manuelli and the Fly-In Committee has selected these sites for off-airport activities:

Wine Tasting (Murphys) Calaveras County is becoming as well know for fine wines as Napa . There are over 26 wine tasting facilities within walking distance in the town itself. Ironstone is a short drive outside of Murphys and is an adventure in itself with it's underground cellars, shops and restaurants. There are several good restaurants and a very nice park in the town, all within walking distance. I think the women would really like to do this side trip as there are really a lot of things they can do instead of sitting around the campground while the guys do their thing. See visitmurphys.com *The Committee will provide transportation on Saturday at 12:45pm.*

The following activities are self-conducted with no transportation provided:

Rail Town Historic State Park * (Jamestown)

Original engines and trains from the past and movie fame. Offer short train rides and a very interesting look at how trains operated in the past. Jamestown itself is a historic old town with many shops and boutiques. The National Hotel is a historic landmark as well as serving excellent food. Train Excursions hourly from 11:00 am to 3:00 pm both Saturday and Sunday. Reserve at: railtown1897.org.

Mercer Caverns * (between Columbia and Murphys) offers zip line rides as well as exploration deep into the mountainside to a really deep area. See a sample of what lies below the surface. First tour departs at 9:30 am and the last tour departs at 5:00 pm every day. \$15; \$8.50 for children 3-12. See mercercaverns.com

Calaveras Big Trees State Park *

(15 miles up from Murphys) for those who would like to see the giant trees and just the beauty of this area. Other attractions in the Park include the Stanislaus River, Beaver Creek, the Lava Bluff Trail and Bradley Trail. parks.ca.gov/?page_id=551

* There is a fee for those marked with an asterisk.
